

CAMP ROCK

Where Kids Have Fun Ecountering Christ!

Megan had an amazing experience at camp. Thank you for everything!

My daughter is Emma and I am writing to thank you for the wonderful experience she had at camp this past few days. She could not stop telling us about how moved she was by her experiences at the camp. She enjoyed all of the counselors, volunteers, and your input and I can tell she was greatly influenced in a positive and spiritual way. As a parent we cannot wish for enough great experiences in our children's lives and I just want to say thank you so much for enriching my child's life.

First, I would like to praise you and all of the wonderful volunteers that helped you during this camp. My boys had a wonderful time. Although, Alberto is bummed due to the fact that Theo will no longer be a counselor at camp. As Alberto was telling us, he got teary eyed, but don't say I told you. Theo had made an impact on Alberto and I hope that he'll follow in Theo's footsteps and be a wonderful young man, he will be missed. My boys are excited to go back to camp next year!!

AMAZING! The pictures and stories have been shared (many but I am sure not all!) and it sounds like you all had a great weekend! Thank you for your reassurance at the beginning and thank you for all you did this weekend :) I know this will be one of the moments she never forgets! I really appreciate you sharing your talents with my daughter and all the campers.

Thank you to the families who sent their children, the counselors, volunteers, and people who run the program, such as yourself and your devoted family, and the camp itself. My daughter looks forward to returning as a camper and as a camp counselor down the road. God bless you and thank you!

Once again, Jessie and Katie had an amazing time!!! Maggie? As a first timer...absolutely loved it!!!!
Thank you so incredibly much for allowing them to be a part of this experience!

Wanted to share with you our favorite part of last year's session. James has a huge chalkboard in his room that his friends always leave messages on or drawings. When he got home from camp, he put a scripture verse on the board that you guys had talked about, and that verse stayed there for months. It obviously spoke to him, and that meant everything to us. Thank you for making this program available to our youth!
God bless, Barb
